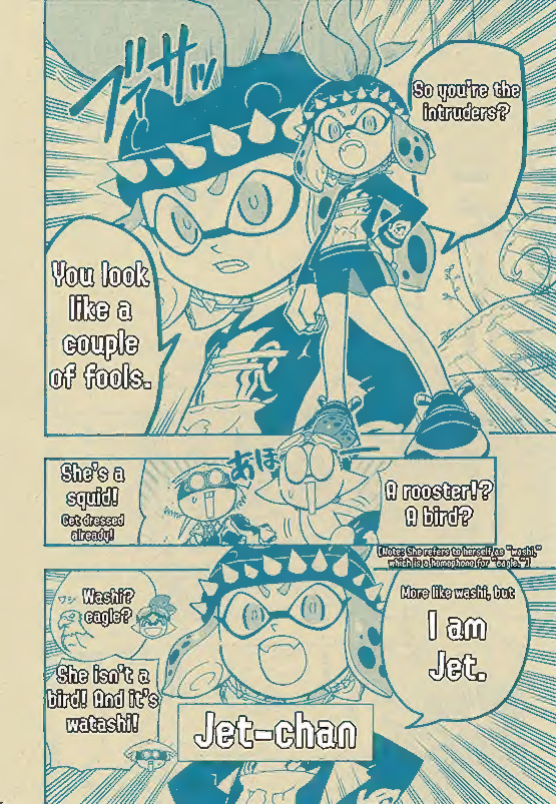
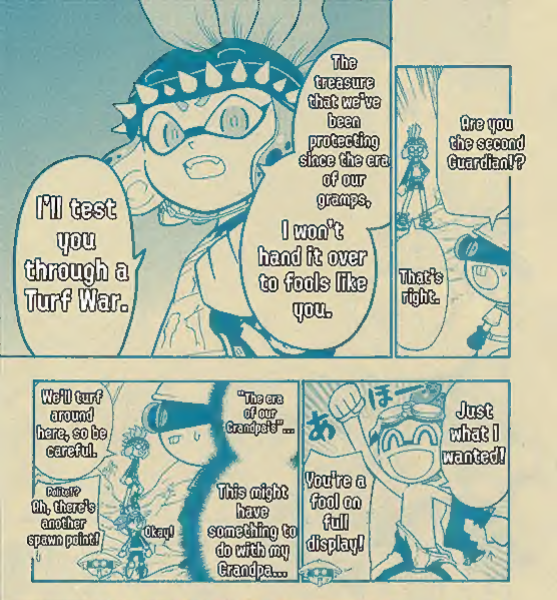
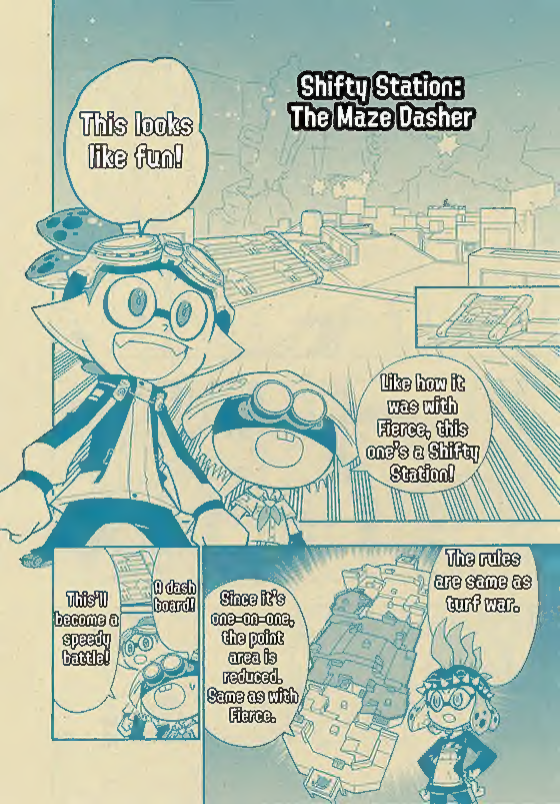
ガシ ガシ
Legs!
Wow!
Your clothes were thrown off!
Got it!
We're going right on up!
Be careful not to get thrown off!
!
Wait!



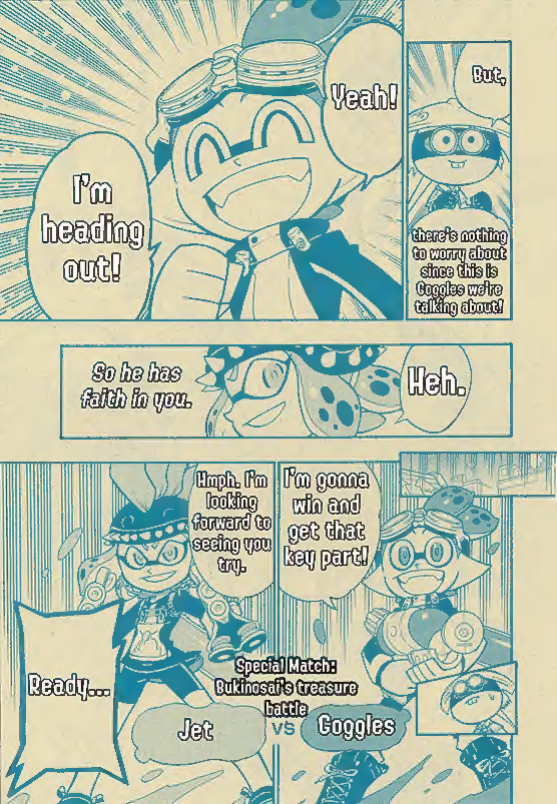
So you're the intruders?
You look like a couple of fools.
She's a squid! Get dressed already!
おほ
A rooster!? A bird?
(Note: She refers to herself as "washi" which is a homophone for "eagle".)
Washi? eagle?
More like washi, but I am Jet.
She isn't a bird! And it's watashi!
Jet-chan



I'll test you through a Turf War.
The treasure that we've been protecting since the era of our gramps,
I won't hand it over to fools like you.
Are you the second Guardian!?
That's right.
We'll turf around here, so be careful.
Okay!
Ah, there's another spawn point!
Pulled?
"The era of our Grandpa's"...
This might have something to do with my Grandpa...
You're a fool on full display!
あほー
Just what I wanted!
You too!?
We use it as we please.
Oh! You also have a spawn point?!

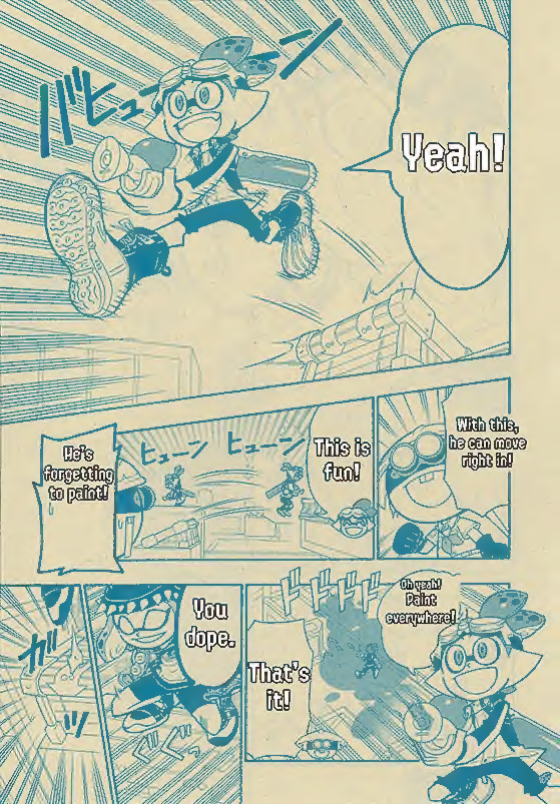


Shifty Station:
The Maze Dasher
This looks like fun!
Like how it was with Fierce, this one's a Shifty Station!
A dash board!
This'll become a speedy battle!
Since it's one-on-one, the point area is reduced. Same as with Fierce.
The rules are same as turf war.

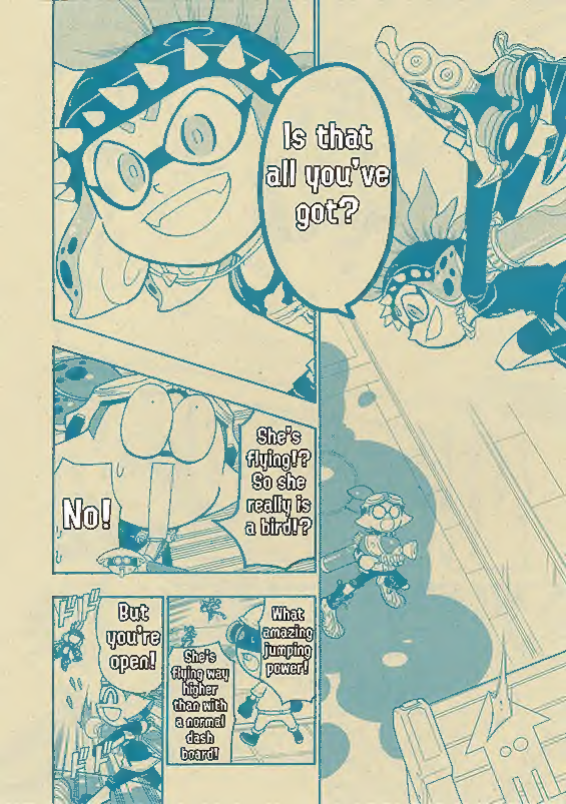


Yeah!
I'm heading out!
But,
there's nothing to worry about since this is Goggles we're talking about!
Heh.
So he has faith in you.
I'm gonna win and get that key part!
Hmph. I'm looking forward to seeing you try.
Special Match: Bukinosaji's treasure battle
Goggles
vs
Jet
Ready...

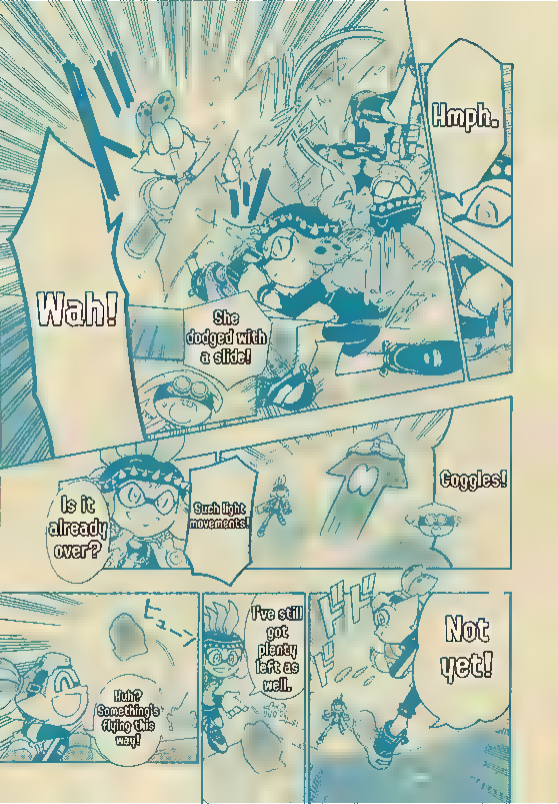
Go!
Goggles, make good use of the dash board!
Got it!



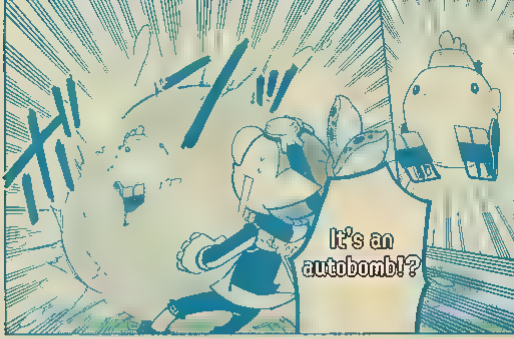
バヒューン
Yeah!
He's forgetting to paint!
ヒューン ヒューン
This is fun!
With this, he can move right in!
You dope.
That's it!
ドドドド
Oh yeah! Paint everywhere!



Is that all you've got?
No!
She's flying!? So she really is a bird!?
But you're open!
She's flying way higher than with a normal dash board!
What amazing jumping power!

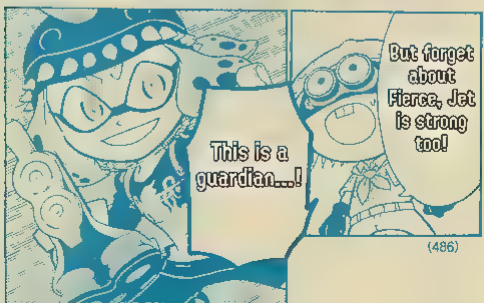


Hmph.
Wah!
She dodged with a slide!
Goggles!
Is it already over?
Such light movements!
Not yet!
I've still got plenty left as well.
Huh? Something's flying this way!

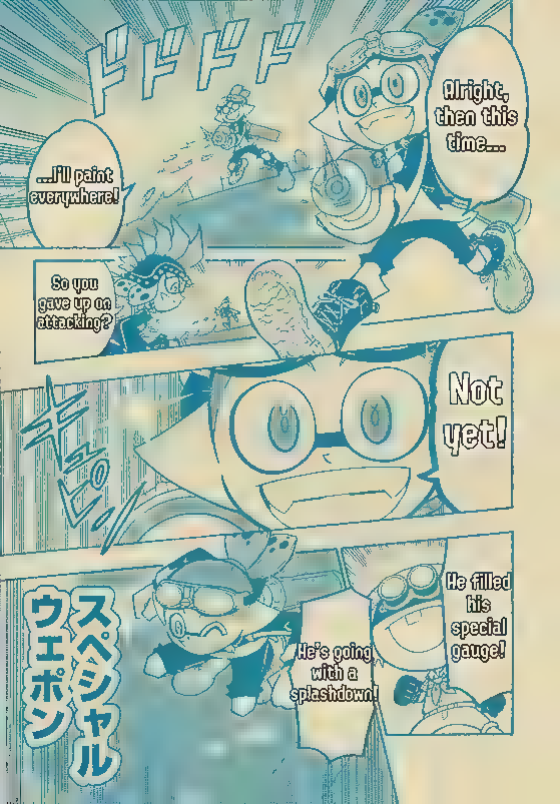


It's an autobomb!?

Chicks don't have combs!
Isn't it cute like a baby chick?
Ahh~
This kid is an idiot.
It even has a master comb! Cute!
You're carefree!
She sent a bomb flying with the dash board! Watch out!



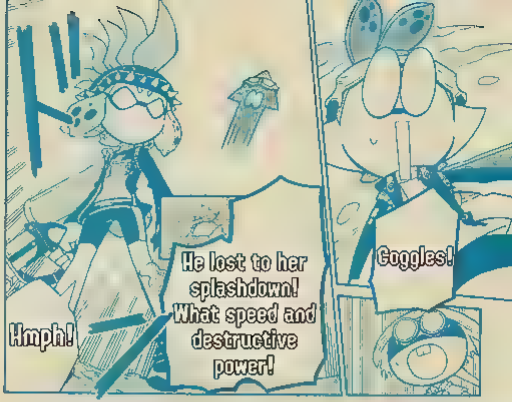
This is a guardian...!
But forget about Fierce, Jet is strong too!



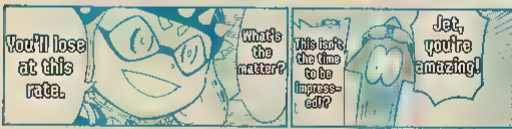
ドドドド
Alright, then this time...
...I'll paint everywhere!
So you gave up on attacking?
Not yet!
He filled his special gauge!
He's going with a splashdown!
スペシャルウェポン

Too slow.
スペシャルウェポン
And this special weapon is...
She's higher up than Goggles!
EH!?

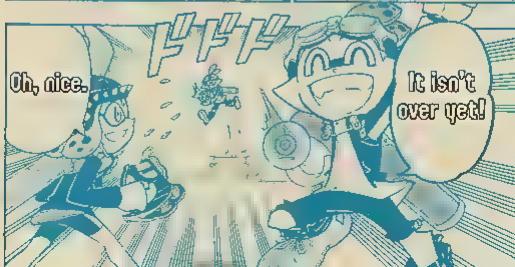
スーパーチャクチ!!



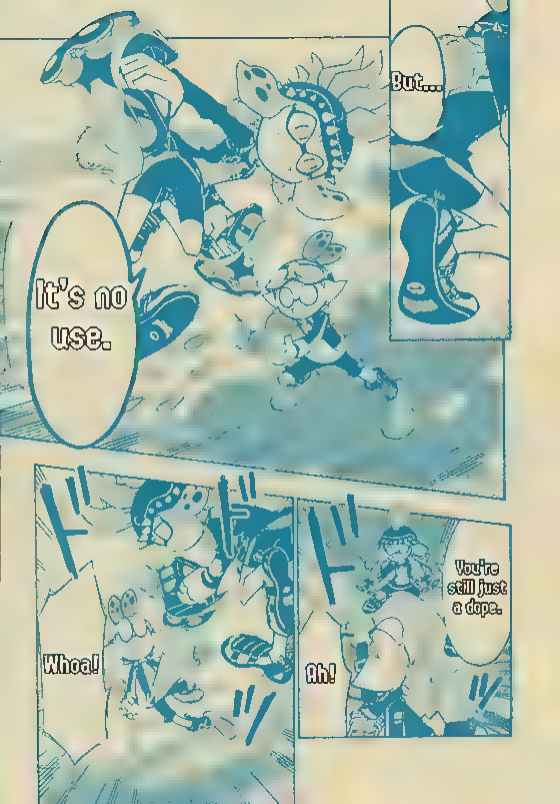
Hmph!
He lost to her splashdown! What speed and destructive power!
Goggles!



You'll lose at this rate.
What's the matter?
This isn't the time to be impressed!?
Jet, you're amazing!



ドドド
Oh, nice.
It isn't over yet!



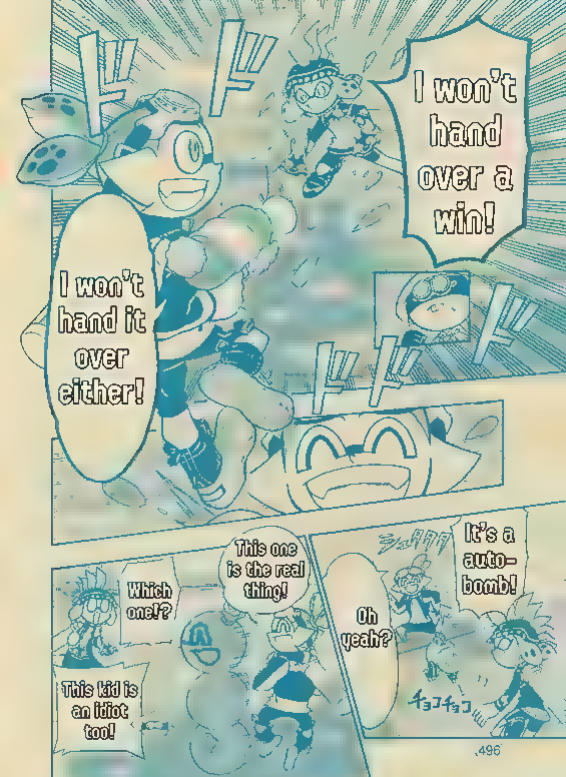
But...
It's no use.
You're still just a dope.
Ah!
Whoa!

Goggles!
What strength!
Since you keep getting beat,
I'll paint in the meantime.
We're in big trouble!

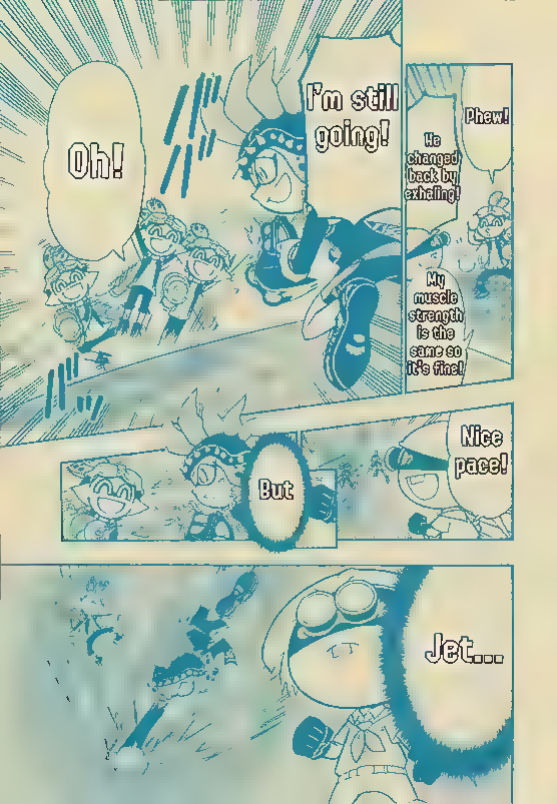
You don't deserve the treasure.
So you're done after all?
!
What I test is strength.
I refuse to accept someone who's weak.
Give up.
Goggles!

Eh?
モリ
モリ
モリ
He's totally buff!
I powered up.
Come to think of it...

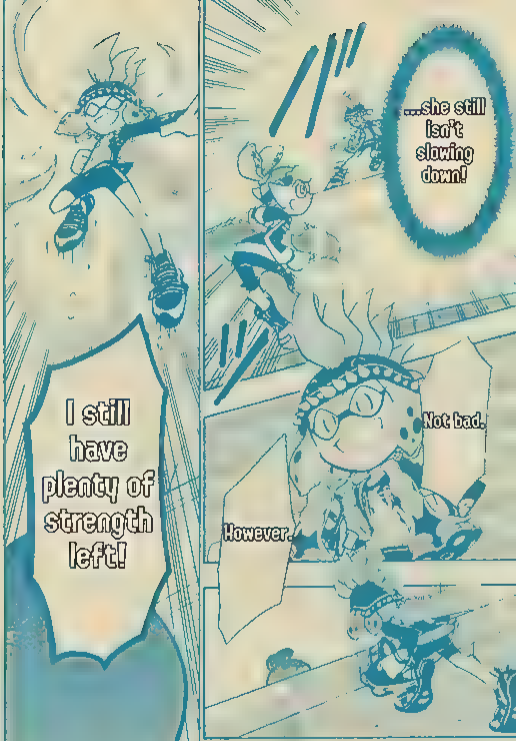
She's praising him!
Hm. What a splendid body!
もりもり
Here I go!
Alright, bring it!
You're going like that!? Can you even move!?
Rather, he's raring to go.
Hmph. It doesn't seem like he's giving up.
But...
He's surprisingly fast!



I won't hand over a win!
I won't hand it over either!
It's a auto-bomb!
Oh yeah?
This one is the real thing!
Which one!?
This kid is an idiot too!



Oh!
I'm still going!
Phew!
He changed back by exhaling!
My muscle strength is the same so it's fine!
But
Nice pace!
Jet...

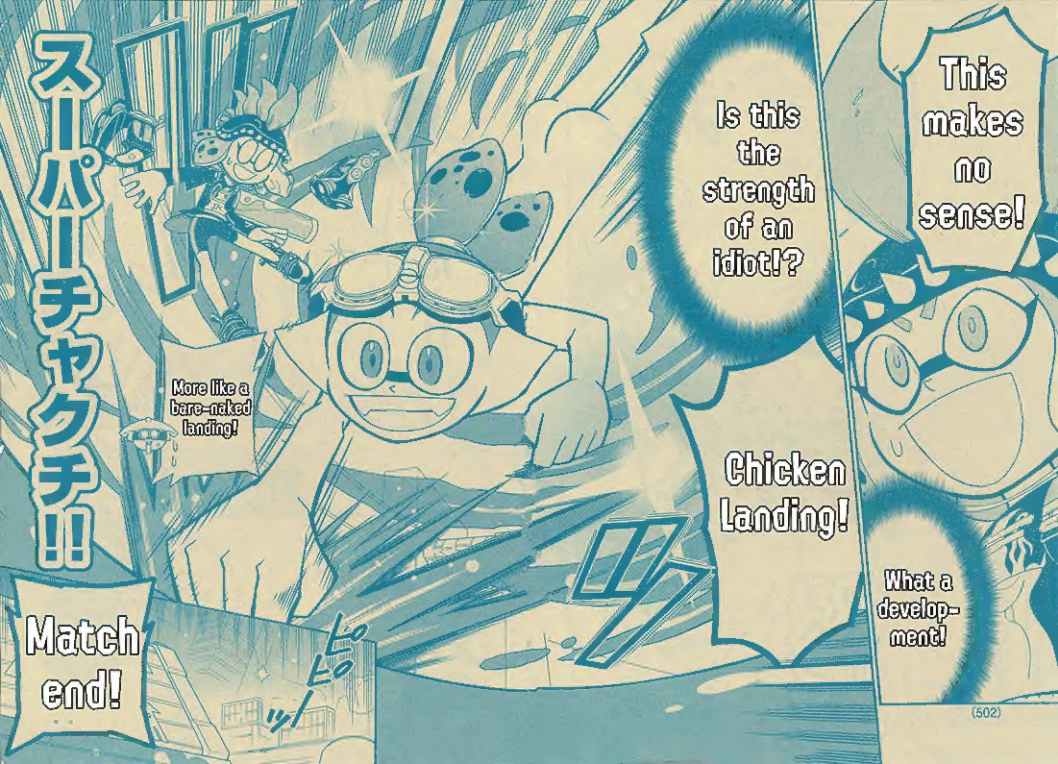


I still have plenty of strength left!
...she still isn't slowing down!
Not bad.
However.

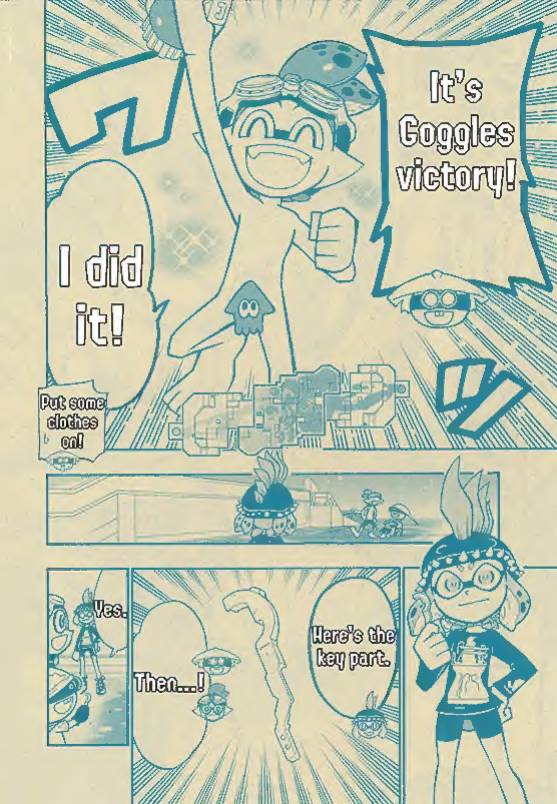
The higher up I go
the more power my Splashdown has!
Here it is! It's a Splashdown!
Goggles! Run!
It's too late!

A burst bomb!? From before?
Heh heh!
Kh!
The dash board!?

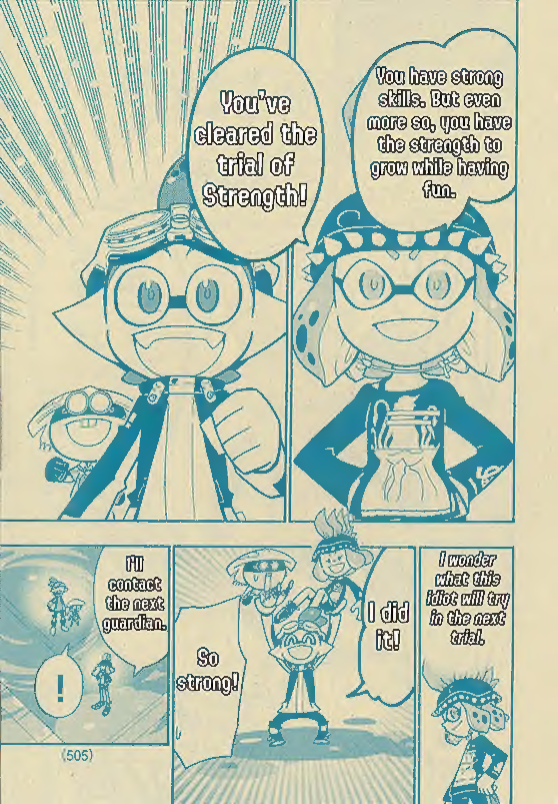
しゅぽん
I'm even higher up!
He used his clothing as a jumping platform!
スペシャルウェポン



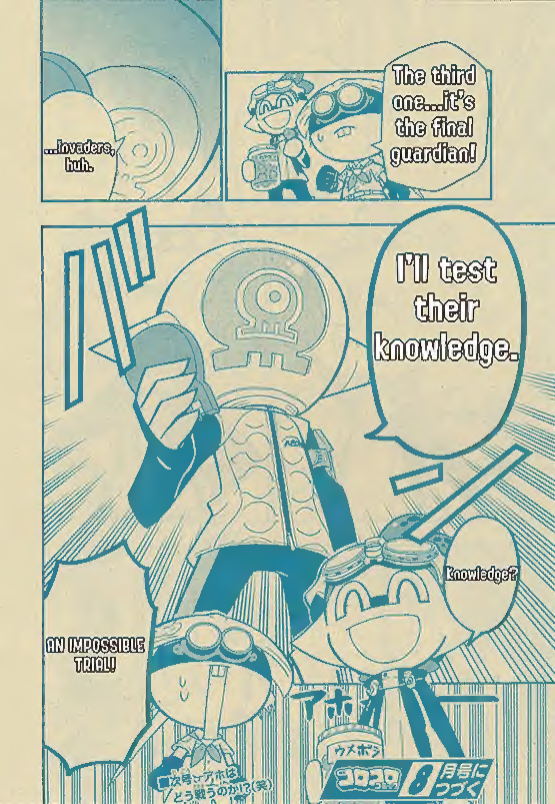
スーパーチャクチ!!
More like a bare-naked landing!
Match end!
Is this the strength of an idiot!?
Chicken Landing!
This makes no sense!
What a develop-ment!



It's Goggles victory!
I did it!
Put some clothes on!
Here's the key part.
Then...!
Yes.



You've cleared the trial of Strength!
You have strong skills. But even more so, you have the strength to grow while having fun.
I'll contact the next guardian.
!
So strong!
I did it!
I wonder what this idiot will try in the next trial.



...Invaders, huh.
The third one...it's the final guardian!
I'll test their knowledge.
Knowledge?
AN IMPOSSIBLE TRIAL!
